FEATURES

Safe, hygienic & low maintenance

- Grout free and non-porous
- Dirt and grime can be easily wiped and cleaned with a microfibre cloth
- Non-toxic and lead-free paint surface
- Will not shatter or crack like glass
- Easy to clean and maintain

Compatible with all hobs (fire rated)

- Fire rated and safe to use behind gas hobs, unlike acrylic splashbacks
- Suitable to be used behind all popular hobs
- Maintain a 30mm / 1.18" distance from the edge of the hobs

30mm / 1.18"

Eco-friendly

- 100% post-consumer recyclable
- Non-toxic and lead-free
- Requires less energy to produce than glass splashbacks
- No emissions of greenhouse gases during production

Quick & easy to install

- Fabricate with normal wood working tools
- Can be installed 3 times faster than tile splashbacks
- Can be v-grooved & folded around the corners, without joints
- Easy to make cut outs for electrical sockets
- Full range of edge and corner profiles available for a clean finish

ALUSPLASH™ SPLASHBACKS IN A METALLIC FINISH
